Home Learning - Year 5

English and Maths for Week beginning 6th July

English

Please go to: https://www.bbc.co.uk/bitesize/dailylessons and choose Y5
This week you will need to do one of the following sessions each day (don't worry about the different date!):
22nd June – writing a comic using parenthesis
23rd June – analysing and performing scripts
24th June – national writing day challenge
25th June – Shakespeare and 12th Night
26th June – Macbeth retold by Marcia Williams

When you are completing the activities, you don't need to print anything, just write the answers in your book.

Maths

Here is a bit of a change for the last couple of weeks! These investigations and challenges will give you a chance to use your maths skills in different contexts and to solve different problems.

Choose a different one each day. You can choose from:

- Cycling Calculations – working with distance and speed
- Digit Dilemmas – creating your own numbers
- Sunset Sunrise – using hours and minutes
- Ice Creams – being systematic and working out all of the possibilities
- Fireworks Fun – a firework problem to solve
- Parabolic Curves – maths and art, making curves from straight lines

If you need any help then please email the homework support line. Make sure you say which lesson and which subject, then one of your teachers will be in touch to help.

Topic, Education City, Purple Mash

Please remember to continue with Ed City and Purple Mash as before.

We are also sending you the creative home learning pack **'Jump into Summer!'**– where you can select from a whole range of activities to complete.

As always, we would love for you to email us photos of your work.
