

# Home Learning

At home we would like you to have a go at these challenges to continue to develop the learning you have been doing at school.

<p>Learn and practise a new skill e.g. learn to knit, ride a bicycle without stabilizers, how to cook... etc.</p>	<p>Practise your number bonds to 10, 20, 100 e.g. <math>1 + 9 = 10</math>   <math>1 + 19 = 20</math> <math>1 + 99 = 100</math>   How many can you find? Can you find all of the possibilities? How do you know you have?</p>	<p>Go on a 2D shape hunt. What shapes can you find? Describe their properties. Are they symmetrical? How many lines of symmetry do they have?</p>
<p>Read a story of your choice and write a review about it. What did you like about it? What didn't you like?</p>	<p>Create a presentation about Portsmouth, Fareham and Titchfield. Can you compare them? What is similar? What is different?</p>	<p>Go on a 3D shape hunt. What shapes can you find? Describe their properties. What is similar? What is different?</p>

<p>Have you got a book written by your favourite author? If so, write a review about this author's books in general. Why do you like their stories?</p>	<p><b>BIG MATHS!</b> Continue practising your arithmetic accuracy and fluency with Big Maths. Big Maths BEAT THAT is available online for everybody to access.</p>	<p>Teach your grown up/sibling the continents and oceans of the world. What is the biggest continent? What is the smallest ocean?</p>
<p>Write your own story. You could make up your own story completely or you could continue one of your favourite stories. What could happen next? Which character is the main focus?</p>	<p>Take part in an exercise activity every day. You could complete a Cosmic Kids Yoga session or a Joe Wicks workout.</p>	<p>How many star jumps can you do in one minute? How many crunches can you do in one minute? Can you plank for a minute? Can you sprint for one minute?</p>
<p>Research the 1960's. Can you find out what it was like in the 1960's? Think about fashion, music, toys, key events, significant individuals etc.</p>	<p>Create a wordsearch including the names of famous people from the 1960's or song titles from the 1960's.</p>	<p>Learn a 1960's song. Can you perform it to the members of your family? Can you create a dance move that goes to the beat? Can you create a dance routine that goes to the beat?</p>

Create a diary to write in everyday. Let us know what you are up to whilst you are at home! Remember to write the day at the top of each entry and include details about the

Create a book full of fun and interesting facts about the world! You might include facts about the solar system, the animals of the world, the continents of the world etc.

Practise skipping! Can you skip to the beat?  
Can you change direction after a beat of 8? Can you skip forwards for 8 beats and backwards for 8 beats?
