

Notes for Parents and Carers

In this PDF there are 4 activities for you to do at home with your child.

You may choose to do one every day or do a few a day until you're done. Please work at whatever pace suits you and your child.

Your child will need some paper and a pencil to join in with the activities.

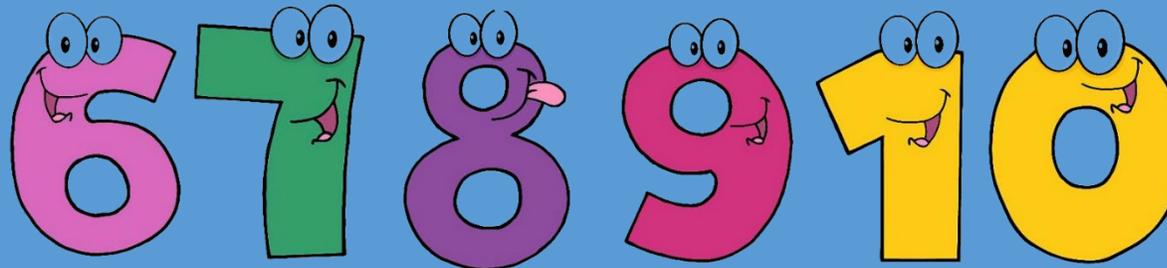

Some activities are built into this document and will require a little help from yourselves either to work out, explain or to chat about them.

If you have 'screen sharing' you could enlarge this on your TV.

This week's Number work is all about...

Recognising numbers and finding 1 more and 1 less.

Activity 1

Watch counting to 20 with Jack Hartmann.

You will need a little bit of space to boogie!

[https://www.youtube.com/watch?v= MVzXKfr6e8](https://www.youtube.com/watch?v=MVzXKfr6e8)

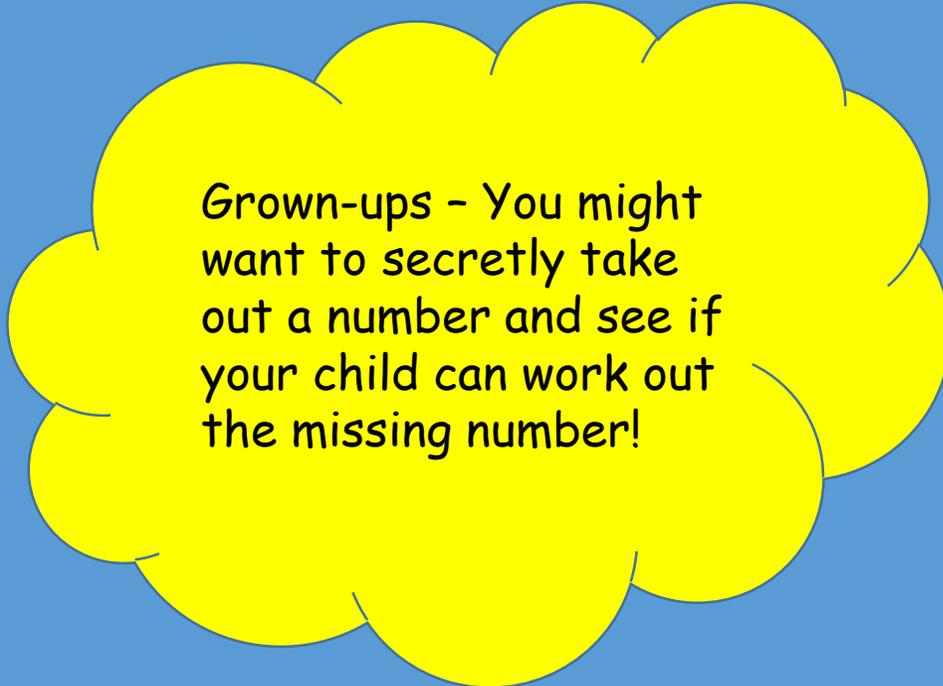

Hide and seek numbers!

First, can you write down all the numbers from 0 - 10? If you can, have a go at writing all the numbers from 0 - 20 on separate pieces of paper. You could use scrap bits of paper, post it notes or card.

Now ask your grown-up to go and hide those numbers in different rooms.

How many can you find!

Grown-ups - You might want to secretly take out a number and see if your child can work out the missing number!

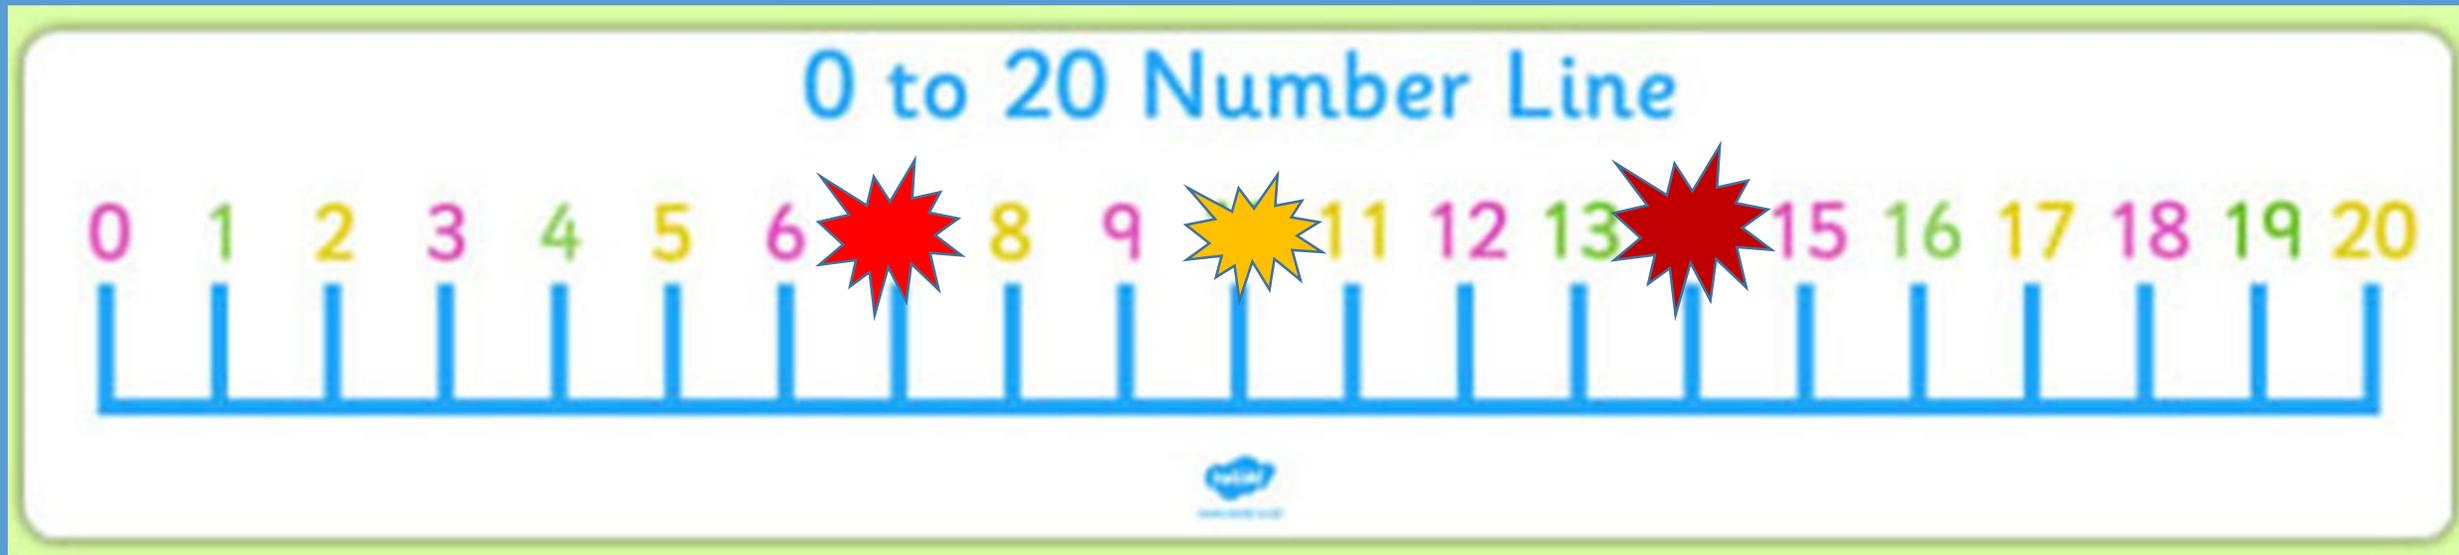

Now play this game- It is all about recognising numbers. Have fun!

<https://www.topmarks.co.uk/learning-to-count/helicopter-rescue>

Activity 2

Which numbers are missing?

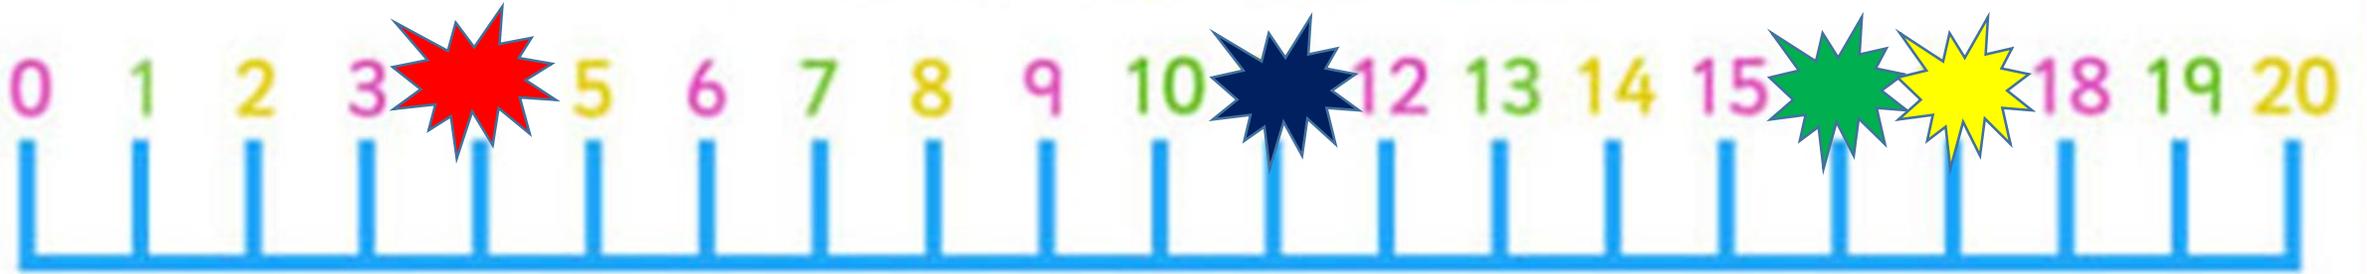

0 to 20 Number Line

0 to 20 Number Line

0 to 20 Number Line

Can you record all the missing numbers? Can you say what is 1 more and 1 less than each of the missing numbers?

Activity 3

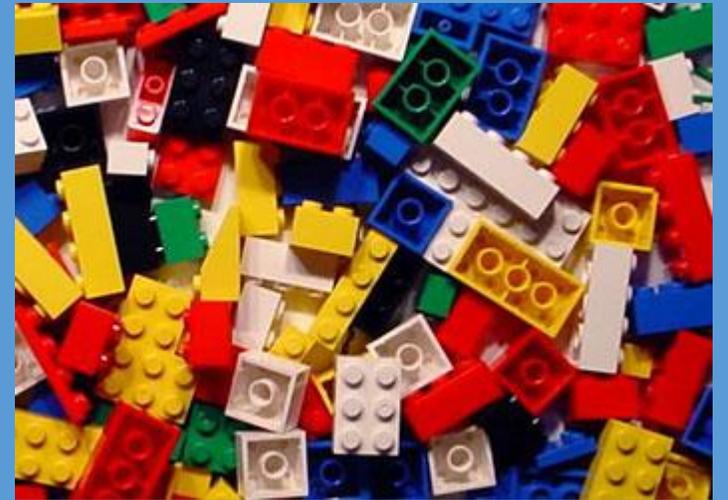

Play the game below- It is all about counting the correct number of objects and recognising numbers.

<https://www.topmarks.co.uk/learning-to-count/teddy-numbers>

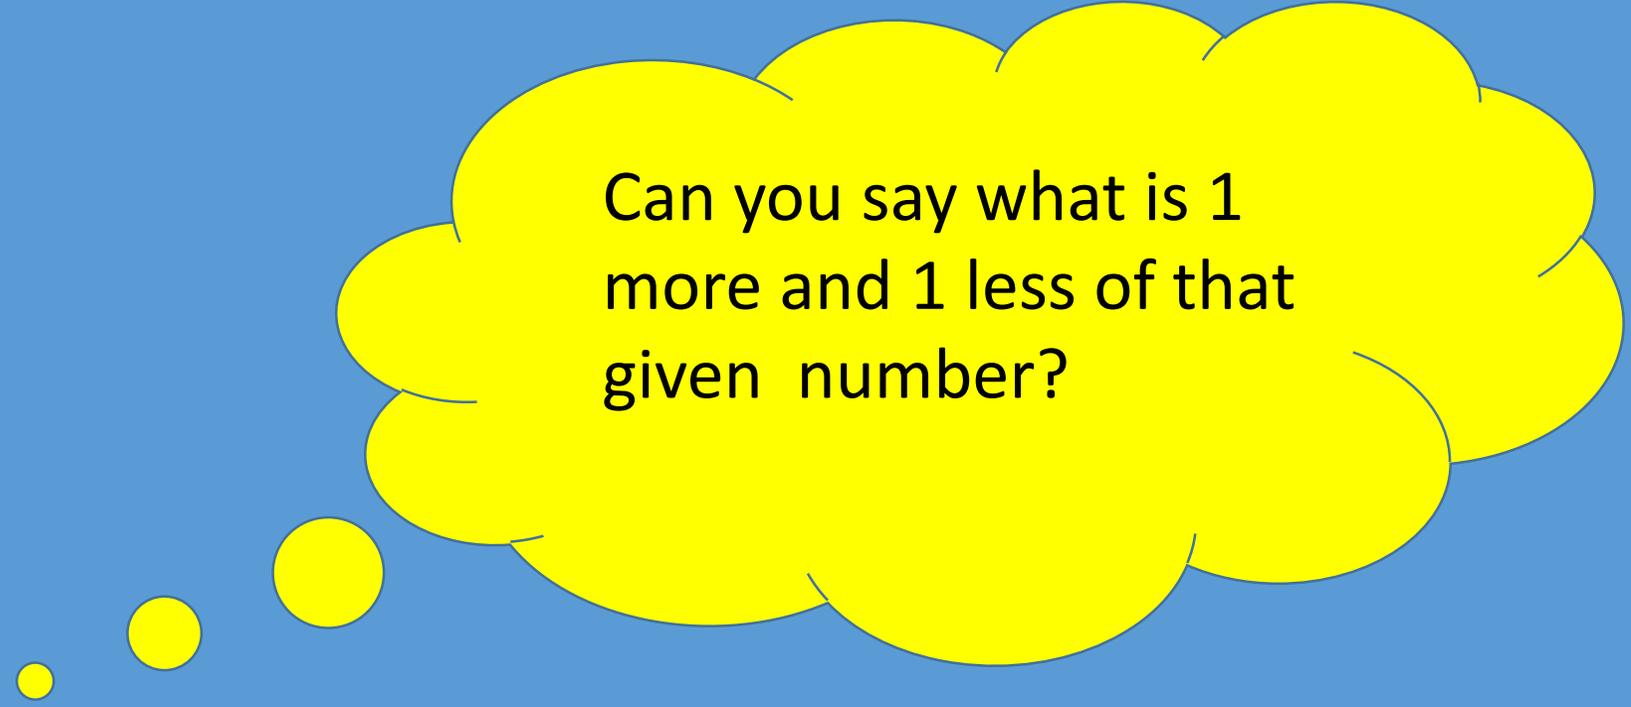

✓ You will need:

Objects to count with - up to 10 or 20.

Ask your adult to give you a number between 0-20. Can you count out the correct number of objects?

Can you say what is 1 more and 1 less of that given number?

Activity 4

Challenge: Can record the number that is 1 more and the number that is 1 less?

10

11

8

20

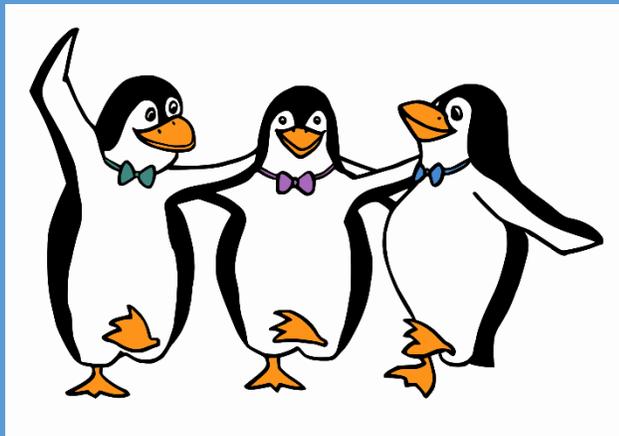

16

Session 5

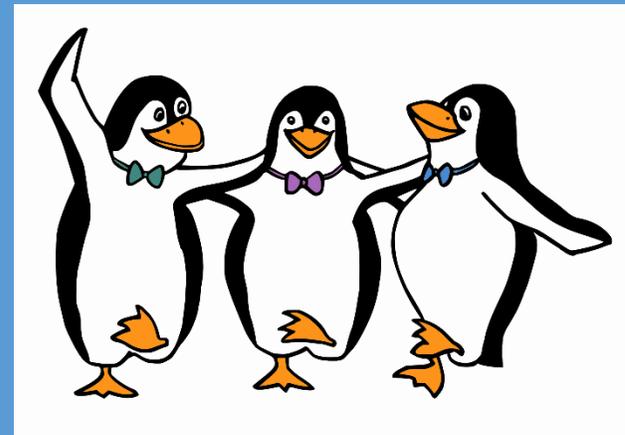

Play these games:

<https://www.tvokids.com/preschool/games/caterpillar-count>

<https://www.topmarks.co.uk/ordering-and-sequencing/caterpillar-ordering>

Have fun!

Great number work!
